ILBESHEIM – PFALZ

Blanc de Noirs Sekt brut nature

Following the example of Champagne, we press our grapes extremely gently and only use the core of the wine, the cuvée, for the production of our sparkling wines.

Blanc de noirs is made from Pinot noir and Pinot meunier. The vines are grown in cool climates sites.

In an effort to give the sparkling wine more complexity, we have built up a depot of reserve wines in small wooden barrels, barriques, over the last few years, which we use in variable amounts depending on the vintage.

SEKT Precise, mineral, bone-dry sparkling wine with elegant perlage and fine creaminess. Cuvée of Pinot noir and Pinot meunier

To drink with: It goes well with sushi, salmon, scallops and all kinds of seafood.

DRINKING TEMPERATURE 5 °C

ANALYSIS Alcohol:12,5% vol. Residual sugar:0 g/l
